createsomething.io

12+ years building systems that connect people to what they need. At Webflow, I've worked every layer of marketplace operations—from support tickets to system architecture. Now I design the data infrastructure that powers discovery and recommendations for thousands of creators. I understand marketplaces from the inside out.

EXPERIENCE

Founder · WORKWAY

Apr 2025 – Present

Open marketplace for TypeScript workflows · Knowledge graph architecture

- **Building marketplace infrastructure** connecting workflows, creators, and use cases
- **Knowledge graph design** for discovery and recommendations
- **Full-stack development** with Node.js, TypeScript, React, and Cloudflare Workers

System Architect · Webflow

Dec 2024 – Present

Marketplace Team · Data Pipelines · Census, Snowflake, Amplitude, Segment

- **Architect marketplace systems** powering discovery and expert matching for creators
- **Build data pipelines** integrating Census, Snowflake, Amplitude, and Segment
- **Design scalable services and APIs** with focus on clarity and maintainability

Marketplace Operations Manager · Webflow

Jul 2023 – Dec 2024

- **Managed Template Marketplace quality**—maintained standards for designer community
- **Built Marketplace Dashboard** seamlessly integrating marketplace data into CMS
- **Conducted QA for app submissions** ensuring quality and functionality standards

On-Screen Educator · Webflow

Mar 2020 – Apr 2021

- **Created educational content**—video tutorials, live streams for Webflow University
- **Launched Webflow University 2.0**—comprehensive learning platform
- **Cross-functional collaboration** with product, marketing, and support

Customer Support Specialist & Team Manager · Webflow

Feb 2018 – Mar 2020

- **Led team of Support Specialists**—performance goals, service quality, hiring
- **Developed onboarding program** with LMS built on Knack and Webflow
- **Technical troubleshooting**—collaborated with engineering on complex issues

Co-Founder, Technology · Half Dozen

Jul 2024 – Present

Operating systems for live events—venues, promoters, agencies

- **Built full-stack platform** with React, Next.js, TypeScript

- **Integrated 10+ services** for scheduling, payments, and compliance

Webflow & API Developer · Create Something

Nov 2013 – Present

- **12+ years custom web development**—responsive sites, API integrations, e-commerce
- **Certified Webflow Expert** with proven track record across client projects
