

Micah Johnson

AI Engineer — Agentic Systems, LLM Applications, Product-Minded Backend Architecture

Kennedale, TX · micah@createsomething.xyz · LinkedIn · createsomething.io

EXPERIENCE

Founder — AI Agent Platform

2023 – Present

CREATE SOMETHING · WORKWAY

- Building WORKWAY—marketplace for AI-powered TypeScript workflows on edge infrastructure
- Architecting production agentic systems: multi-agent orchestration, tool calling, retrieval patterns
- Rapid prototyping to production: 47 tracked experiments, systematic methodology for LLM applications
- Data agents that analyze user behavior and marketing metrics across integrated services
- 155 scripts reduced to 13 through creative LLM application and architecture decisions
- Full-stack: TypeScript/Python backend, React/SvelteKit frontend, PostgreSQL, REST/GraphQL APIs

System Architect

2021 – Present

Webflow · Marketplace Team

- Architect backend systems for template marketplace serving millions of users
- Build data pipelines connecting user analytics to product decisions
- Design search and discovery systems using OpenSearch and data aggregation patterns
- Cross-functional collaboration: translate user needs into technical architecture

On-Screen Educator

2020 – 2021

Webflow · Education Team

- Helped launch Webflow University 2.0—translating complex systems for diverse audiences
- Deep understanding of user workflows through curriculum development and content creation

Customer Support Specialist & Team Manager

2018 – 2020

Webflow · Support Team

- 500+ direct customer interactions—deep product intuition from understanding user pain points
- Led team of specialists, built internal systems to solve operational problems
- Pattern: identified problems, prototyped solutions, shipped production systems

TECHNICAL SKILLS

AI/LLM: Agentic systems, tool calling, RAG, multi-agent orchestration, prompt engineering

Backend: TypeScript, Python, Node.js, API design, distributed systems

Data: PostgreSQL, OpenSearch, data pipelines, analytics patterns

Frontend: React, SvelteKit, TypeScript, Tailwind

Infrastructure: Cloudflare Workers, edge deployment, CI/CD, monitoring

AI Tooling: Claude Code, Cursor, systematic AI-assisted development

EDUCATION

Texas A&M University

Bachelor's Degree

UI/UX Design Certification

Boulder Digital Arts
