

Micah Johnson

Full Stack Engineer · Marketplace Systems · Automation Infrastructure

Kennedale, TX linkedin.com/in/micahryanjohnson createsomething.io

12+ years building web applications and systems that make complex things accessible. Career path from web development through customer education to marketplace operations to system architecture. I understand products from support tickets to system design—because I've worked at every layer.

EXPERIENCE

Founder · WORKWAY

Apr 2025 – Present

Open marketplace for TypeScript workflows on Cloudflare's edge

- **Building automation infrastructure**—systems that run while you sleep
- **Full-stack development** with Node.js, TypeScript, React, and Cloudflare Workers

System Architect · Webflow

Dec 2024 – Present

Marketplace Team · Data Infrastructure · Census, Snowflake, Amplitude, Segment

- **Architect marketplace systems** supporting discovery and recommendations for creators
- **Build data pipelines** integrating Census, Snowflake, Amplitude, and Segment for product insights
- **Design end-to-end solutions** from problem requirements through production deployment

Marketplace Operations Manager · Webflow

Jul 2023 – Dec 2024

- **Managed Template Marketplace quality**—standards for submissions from designer community
- **Built Marketplace Dashboard** integrating marketplace data into Webflow's CMS
- **Conducted QA for app submissions** ensuring quality and functionality standards

On-Screen Educator · Webflow

Mar 2020 – Apr 2021

- **Created video tutorials and live streams** for Webflow University covering design, CMS, e-commerce
- **Launched Webflow University 2.0**—comprehensive learning platform for all skill levels
- **Cross-functional collaboration** with product, marketing, and support teams

Customer Support Specialist & Team Manager · Webflow

Feb 2018 – Mar 2020

- **Led team of Customer Support Specialists**—set performance goals, ensured service quality
- **Developed onboarding program** using Knack and Webflow, empowering new team members
- **Technical troubleshooting**—diagnosed issues, collaborated with engineering on complex problems

Co-Founder, Technology · Half Dozen

Jul 2024 – Present

Operating systems for live events—venues, promoters, agencies

- **Built full-stack platform** with React, Next.js, TypeScript for event management
- **Integrated 10+ services** via OAuth for unified workflows and compliance

Webflow & API Developer · Create Something

Nov 2013 – Present

Self-employed · Custom development, API integrations, e-commerce

- **12+ years custom web development**—responsive sites, API integrations, e-commerce solutions
- **Certified Webflow Expert** with proven track record across diverse client projects
