

Micah Johnson

Frontend Engineer — React, Next.js, TypeScript, AI-Native Development

Kennedale, TX · micah@createsomething.xyz · LinkedIn · createsomething.io

EXPERIENCE

System Architect

2021 – Present

Webflow · Marketplace Team

- Architect frontend systems for Webflow's template marketplace serving millions of users
- Build React/TypeScript applications with modern state management and API integration patterns
- Design component libraries and design systems ensuring consistent, accessible user experiences
- Implement SEO optimizations and Core Web Vitals improvements for consumer-facing pages
- Collaborate with product, design, and backend teams to deliver seamless customer experiences

On-Screen Educator

2020 – 2021

Webflow · Education Team

- Helped launch Webflow University 2.0—comprehensive learning platform for web design
- Created video tutorials covering React-like interactions, responsive design, and e-commerce
- Developed curriculum aligning with user needs and industry standards
- Cross-functional collaboration with product, marketing, and support teams

Customer Support Specialist & Team Manager

2018 – 2020

Webflow · Support Team

- Led team of support specialists, built internal LMS for onboarding (used to scale APAC team)
- 500+ technical support interactions—deep understanding of user pain points and journeys
- Built template submission system for Marketplace team (led to contractor return, then full-time)
- Contributed to help documentation and knowledge base maintenance

Founder

2023 – Present

CREATE SOMETHING · WORKWAY

- Building WORKWAY—open marketplace for TypeScript workflows on Cloudflare's edge
- AI-native development: 155 scripts reduced to 13 through systematic methodology
- Full-stack Next.js/React applications with LLM integration and agentic workflows

— Production systems with automated testing, continuous deployment, monitoring

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, SvelteKit, Tailwind CSS

AI/LLM: Claude Code, agentic workflows, prompt engineering

APIs: REST, GraphQL, OAuth, webhook integrations

Testing: Vitest, React Testing Library, Playwright, Storybook

Infrastructure: Cloudflare Workers, Vercel, AWS patterns, Docker

Performance: Core Web Vitals, Lighthouse, SEO optimization

EDUCATION & CERTIFICATIONS

Texas A&M University

Bachelor's Degree

UI/UX Design Certification

Boulder Digital Arts
