

Micah Johnson

AI Engineer — Full-Stack TypeScript, Foundation Models, Multi-Agent Systems, MCPs

Kennedale, TX · micah@createsomething.xyz · LinkedIn · createsomething.io

EXPERIENCE

Founder — AI-Native Development

2023 – Present

CREATE SOMETHING · WORKWAY

- Building WORKWAY—open marketplace for TypeScript workflows with AI integration on Cloudflare's edge
- Production MCP server integrations: Loom (task coordination), Ground (code analysis), browser automation
- Multi-agent orchestration patterns: Harness (workflow), Gastown (parallel execution), Ralph (iteration)
- Foundation model integration: Claude API for agentic workflows, GPT-4 for specific tasks, prompt engineering
- 155 scripts reduced to 13 through systematic AI-assisted development methodology
- Full-stack: React/SvelteKit frontend, TypeScript backend, PostgreSQL, REST/GraphQL APIs

System Architect

2021 – Present

Webflow · Marketplace Team

- Architect full-stack systems for template marketplace serving millions of users
- Build intelligent search and retrieval systems for template discovery
- Design APIs and integration patterns across services (REST, GraphQL, webhooks)
- Cross-functional collaboration with product, design, and engineering teams
- Ship features with production reliability: monitoring, logging, continuous deployment

On-Screen Educator

2020 – 2021

Webflow · Education Team

- Helped launch Webflow University 2.0—translated complex technical concepts for diverse audiences
- Created video tutorials, live streams, curriculum development
- Cross-functional work with product, marketing, and support teams

Customer Support Specialist & Team Manager

2018 – 2020

Webflow · Support Team

- Led team of specialists, built internal LMS for onboarding (used to scale APAC team)

- 500+ technical interactions—deep understanding of user pain points and how to solve them
- Built template submission system for Marketplace team (cross-functional impact)

TECHNICAL SKILLS

AI/LLM: Claude API, GPT-4, tool calling, multi-agent systems, MCPs, prompt engineering

Frontend: React, Next.js, Vite, TypeScript, SvelteKit, Tailwind

Backend: Node.js, Express, TypeScript, Python, REST, GraphQL

Database: PostgreSQL, D1, MongoDB, OpenSearch

Infrastructure: Cloudflare Workers, AWS patterns, Docker, CI/CD

AI Tooling: Claude Code, Cursor, GitHub Copilot, agentic workflows

EDUCATION & CERTIFICATIONS

Texas A&M University

Bachelor's Degree

UI/UX Design Certification

Boulder Digital Arts
